

Elocution

Competition

An elocution competition is the art of public speaking that gives us self-boost and confidence to speak in front of a large audience. It enables children to create connect with the audience who is listening to them through voice modulation. When the child is reciting, he/she brims boundless energy and resilience.

The bond between teacher and student reflects in the **Elocution Competition** as the teacher guides the child from choosing the topic to helping the child practice it multiple times. It can be challenging for introvert students who have never experienced public speaking, but the teacher/mentor resolves that and brings out the best in you.

In Don Bosco Junior College, **Literary Club** Organizes Intra-College Elocution Competition on Saturday, 13th July 2024. 25 students participated in English, Marathi & Hindi Languages. Such competitions develop ability to think critically and articulate one's views. It also helps students develop a variety of skills, including communication, confidence, and critical thinking. Students improve their speaking fluency, articulation, clarity, and voice modulation.
